## **DETAILED ACTION**

### ***Drawings***

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: Elements "18", "33" and "37" could not be located in the drawings. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

### ***Specification***

2. The disclosure is objected to because of the following informalities: There are numerous inconsistencies with respect to the drawings and the specification that are too numerous to point out in every instance. The following examples are provided for the applicant's use in making corrections wherever appropriate but not specifically pointed out. On page 17, the first edge 34 is disclosed as being on the male connector panel 10. However, in figure 4, element 34 is shown as being on the female connector panel 12. On page 17, the first edge 38 is disclosed as being on the female connector panel 11. However, in figure 1, element 38 is shown as being on the male connector 9.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 3722

4. Claims 1-4 and 10-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 16, "the relationship" lacks proper antecedent basis.

In claim 10, line 14, "the relationship" lacks proper antecedent basis.

#### ***Allowable Subject Matter***

5. Claims 5-9 and 13-17 are allowed.

6. Claims 1-4 and 10-12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

#### ***Conclusion***

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lockhart discloses a report cover.
